

Once Again

Hoods

Those days are here once again
I can feel it in my heart
Believing in myself helped me through
The hardest part of time
We've resurrected once again
United united we'll win
Take it back taking back our scene
Old style we'll tear you apart
A new day has arisen a moment in time
That will not be forgot
This is the time the time is now
So tear it apart once again (2x)
