

Time Stand Still

The Hooters

If I had a way to make time stand still
I'd had a lot more time to kill
sit on the beach and drink my fill
if I had a way to make time stand still

For a day, for an hour, for a year
for a while, for as long we're here
stop the world, watch the days disappear
if I had a way to make time stand still

If I had a little more time with you
I'd be the man you'd want me to
do all the things that I should to
if I had a little more time with you

For a day, for an hour, for a year
for a while, for as long we're here
stop the world, watch the days disappear
if I had a little more time with you

If I had a way to make time turn back
I'd find a way to get you back
one of these days I know I will
when I find a way to make time stand still

For a day, for an hour, for a year
for a while, for as long we're here
stop the world, watch the days disappear
if I had a way to make time stand still
if I had a way to make time stand still

just a little time, just a little
just a little time, just a little
