

# Goodbye

Hootie & The Blowfish

Tomorrow used to be a day away  
Now love is gone and you're into someone far away  
I never thought the day would come  
When I would see his hand not mine

Holding on to yours because I could not find the time  
And now I can't deny  
Nothing lasts forever  
But I don't want to leave and see the teardrops in your eyes

I don't want to live to see the day you say goodbye  
Now there comes another part of life I go alone  
Sitting at a bar with Chris that I can't leave  
'Cause my house ain't no home

I just want to touch you girl  
I want to feel you close to me  
Without your love I would give up now and walk away so easily  
So maybe while we're young we'll figure out together

That even with the pain there's a remedy  
We'll be all right  
I don't want to live to see the day you say goodbye  
When I first met you I couldn't love anyone

But you stole my dreams and you made me see  
That I can walk into the sun and I could still be me  
And now I can't deny  
Nothing lasts forever

But I don't want to leave and see the teardrops in your eyes  
So baby why break up  
Lets figure out together  
That even with the pain there's a remedy

And we'll be alright  
I don't want to live to see the day you say goodbye  
We say goodbye  
Oh goodbye  
Goodbye
