

# Innocence

Hootie & The Blowfish

What else can I do  
When the tears have all been wasted?  
And the only voice you choose to hear  
Sings the songs of our hearts breaking.

Say your dreams, they all have changed.  
Well, my smiles, they all have faded.  
And the thoughts that used to seem so pure in my heart,  
They now feel jaded.

Because I wanna feel like I did.  
Yeah I wanna feel innocence.

What else can it be  
'Cept this pride I'm sick of drinking.  
Storm clouds all have gone away.  
Can we stop this thing from sinking?

Because I wanna feel like I did.  
Yeah I wanna feel innocence.  
And I want you to know,  
And to feel in your soul,  
That someone has come and gone.

I'm stuck up here with you.  
I never thought we'd get this high.  
I used to be afraid of falling.  
Now I'll spread my wings and I will fly.

I wanna feel like I did.  
Yeah I wanna feel innocence.  
I wanna feel like I did.  
Oh, I wanna feel innocence, oh. I...
