

# Running From An Angel

Hootie & The Blowfish

Don't look a gift horse in the mouth  
Come on try and tell me what they're talking about  
Those things you're dealing with you're living a lie  
Every time I see you it makes me want to cry  
The times we laughed and talked seems like yesterday  
Then you let the white horse come and take you away  
They came to get you  
It was coal black  
The wheels were in motion there was no turning back

Running from an angel  
Running to the devil, devil yeah  
Running from an angel  
Running to the devil

I gave up on you a long time ago  
Well, there's something I want you to know  
You're lying and cheating really tore us apart  
Please don't come home if you're gonna break my mama's heart

Running from an angel  
Running to the devil, devil yeah  
Running from an angel  
Running to the devil

Running, running, running  
Don't make me cry again
