

Danger Zone

Hooverphonic

We can't deny
What's on our mind
We shouldn't escape
Cause the truth seems wrong
There ain't no escape
Cause the magnet's too strong

The fire is burning hard
And the water is way too far
We're in a danger zone
Danger zone
We're both on fire
Danger zone
Danger zone

Time will heal
And healing reduces time
We cannot stand still
No we have to move on
Still there's a thrill
Can't we finish this all?

The fire is burning hard
And the water is way too far
We're in a danger zone
Danger zone
We're both on fire
Danger zone
Danger zone

The fire is burning hard
And the water is way too far
We're in a danger zone
Danger zone
We're both on fire
Danger zone
Danger zone
