

Erased

Hooverphonic

Were you ever erased
From someone's mind as if you never existed
Well I am, yes I am erased
The lines of my face rubbed out in your brain

I know it's over
It feels unfinished

What have I done to deserve this
I'm better off without but still I do miss you
How does it hurt to be erased
Violently torn away from your memories

I know it's over
It feels like unfinished love
That reminds me every day
How the coldness in your heart has taken my breath away
How can you be stone cold
Leaving me here all alone
