

Human Interest

Hooverphonic

You say this, you say that
My better, no way you're sad
Leave me alone right now

I used to be in love with this
Now I'm trying to get rid
Of all this human interest

Don't you dare to point your finger at me
Look at yourself
I'm not the one you want me to be
Look at yourself

Some say, "No", and some say, "Yes"
Less or more or more or less
Leave me alone, right now

I used to be adored each day
Now it's time for me to pay
The dreadful price of success

Don't you dare to point your finger at me
Look at yourself
I'm not the one you want me to be
Look at yourself

Some say, "No", and some say, "Yes"

Don't you dare to point your finger at me
Look at yourself
I'm not the one you want me to be
Look at yourself

Don't you dare to point your finger at me
Look at yourself
I'm not the one you want me to be
Look at yourself
