Hooverphonic

Tell me baby where did you sleep last night  
I heard noises in the cupboard were you trying to hide  
Because you should know  
How much I hate this  
If you were I'll hit your hiding place  
Until sunrise

And I'm falling in love  
And I'm falling in love  
Cause I need your loving  
Everyday and every night  
And I'm falling in love

Tell me baby where did you sleep last night  
I heard noises in the cupboard were you trying to hide  
Because you should know  
How much I hate this  
If you were I'll hit your hiding place  
Until sunrise

And I'm falling in love  
And I'm falling in love  
Cause I need your loving  
Everyday and every night  
And I'm falling in love
