

Sadness On My Back

Hope of the States

I lived my life between the cracks
I carry sadness on my back
I lose, I know, I always will
I broke your heart and you broke mine
I'm hoping that before I die
I make you up, I hold my due

You live your life without me now
I sit around and wonder how
I ever let you go again

I've got so much good in me
Why can't anyone but you see?

I waste my life when you're not there
I drank until I don't care
I'm sorry for everything

I've got so much good in me
Why can't anyone but you see?
I've got so much good in me
Why can't anyone but you see?

I've got so much good in me
Why can't anyone but you see?
I've got so much good in me
Why can't anyone but you see?
