Static In The Cities

Hope of the States

In sts'ikel the earth came rain down on us
Let the fires burn till the cities fall
Go be with your family and friends
Hand in hand when it all ends
Make your peace with everyone you know
Forget it all, just let it go

These ain't the last days at all
But I'm trying to send out a call
Everyone together can save the world when it falls

I don't even remember how it was
Before everything was lost
I try to think of how it used to be
But this world has stole my memory

These ain't the last days at all
But I'm trying to send out a call
Everyone together can save the world when it falls

These ain't the last days at all
But I'm trying to send out a call
Everyone together can save the world when it falls
