

## Six Years Home

### Hopes Die Last

Leave don't feel ashamed

Run forever 'cause I just can't escape from this.

Gone,

Don't be afraid

Run forever don't mind about me

Leave me here

Don't feel ashamed

Run forever 'cause I just can't escape from this...(together)

I'm out of words you say

It's gone to the stars together

We'll find a better place to FLY AWAY

Just leave me here

Run forever,

This is my last six years home

It's gone to the stars together this is my last six years HOME!

I'm out of words you say

It's gone to the stars together this is my last

Six years!
