I tried to do my best but nothing seems to be alive cause everytime I speak I see your walls falling and now when I come around you all are on your knees So, what can you say? did I fail?

You know that
I try to do the best I can
but you don't care
and I swear

I swear I'll never be like you and that's the truth cause I can see that you are playing hide and seek with all my dreams

Never met no one that hates me like you do but hey, I can understand it cause everytime I speak I see your walls falling but now I dare so show me how to play this game you know that I'm trying to be myself again but you don't care and I swear I swear i'll never be like you and that's the truth cause I can see you are playing hide and seek with all my dreams I'll wake up I'll wake up so try to hit me now try to steal myself again I try to do the best I can

You know that
I try to do the best I can
You know that
I'm trying to be myself again
but you don't care
and I swear
I swear I'll never be like you
and that's the truth
cause I can see
you are playing hide and seek
with all my dreams
