## Hopes Die Last

Talk to me  
Now or never  
Tell me why we've lost our pleasure  
I need to know  
The reason why I'm scared  
The reason why I'm scared

Tell me  
What's the matter  
Tell me why we're hiding from each other  
Let me know what's behind  
Your pain  
When you're so down  
I just can't stand  
And I'm sure we'll drown  
Together again  
And then we'll have  
Something to regret  
For sure

Take me away  
I can't stay a second more  
For once in a lifetime  
Let it go  
Take me away  
Don't look back anymore  
For once in a lifetime  
Let it go

Talk to me  
Now or never  
I need to know  
The reason why I'm scared  
When I'm so down  
You just can't stand  
We're gonna drown  
Together again  
That's how we get  
Something to regret  
Something to regret

When everything seems to fall on me  
And every spark of hope just fades  
I know  
I'm leaving you alone

I'm leaving  
There's nothing worth to stay here for  
I'm leaving  
But probably this won't save my soul  
I wanna die alone  
I don't want the world to see me fall  
To see me fall
