

# My Love

Hopsin

Baby, I know we goin' through shit and you feel like there ain't no solution  
You say I'm a nuisance and think I be playin' these games with your heart and  
not purposely bruise it  
That's when I lose it and flip, put the blame all on you like it's all your  
fault  
Now I'm goin' through your phone, you goin' through mine, and we wrestlin',  
I'm hopin' you don't call no cops  
Baby, I love you, don't be jealous of females I know that I've meant down the  
way  
You mention they name on a regular basis and you just be givin' the space in  
my brain  
You'll look me straight in the face, swear that I'm stickin' my penis up in  
every girl that I'm friends with  
And that's the moment I say, "I don't even know why I'm in a relationship, I  
want to end it"  
Let's just chill the fuck out, girl, we livin' in the same damn house  
Everywhere I go, you go, and you go, I go, so what we naggin' about?  
Shit, not a goddamn thing, maybe we just like to hear ourselves talkin'  
We do it way too often, I think we both lost it  
Our love just might be in the coffin, oh shit

I don't give a fuck what the people that surround you do believe  
Ain't nobody else in the world that's out there for you but me  
Ain't nobody gon' ride for you like I'll ride for you, my love  
Ain't nobody gon' die for you like I'll die for you, my love  
I don't give a fuck what the people that surround you do believe  
Ain't nobody else in the world that's out there for you but me  
Ain't nobody gon' ride for you like I'll ride for you, my love  
Ain't nobody gon' die for you like I'll die for you, my love

I feel like your parents don't like me, I hate that you tell 'em our problems  
See, when I first met 'em I knew that they fell in love with me, but then I  
fell straight to the bottom  
Now your daddy textin' me sayin' to fly you home and he bein' so passive, aggressive  
Then I'm like "sure you gon' pay for her ticket?", that is the question, damn  
I'm stressin'  
I've been sufferin' from manic depressin', baby it takes a real man to confess it  
I don't care if you confront me with issues, you got just be careful with how  
you address it  
Cause sometimes you attackin' me the wrong way, and then my mind think the wrong  
way  
Then all of a sudden I be actin' like I got no brain, and I'm doin' foul shit  
like it's okay  
But don't say I ain't ever tryna make things better, you been the only focus  
since the day we met up  
Every time we get into it, you got me wishin' that I never broke up with my  
girlfriend back in Maryland  
You say I don't love you then I don't know what else to do  
Cause I don't want nobody else but you  
I know that I've been hurtin' you and you've been hurtin' me  
So baby lets get it right because fightin' doesn't help the bruise, we both  
lose

I don't give a fuck what the people that surround you do believe

Ain't nobody else in the world that's out there for you but me  
Ain't nobody gon' ride for you like I'll ride for you, my love  
Ain't nobody gon' die for you like I'll die for you, my love  
I don't give a fuck what the people that surround you do believe  
Ain't nobody else in the world that's out there for you but me  
Ain't nobody gon' ride for you like I'll ride for you, my love  
Ain't nobody gon' die for you like I'll die for you, my love

Why do we fight so often?

These games are oh so ridiculous though we cannot let this shit get to us  
We just need to focus on the brighter side so we can make it  
And if you ain't doin' somethin' I like, then I promise you that I'ma be a l  
ittle more patient

Cause these bad vibes are contagious and our relationship is now breakin'  
And I know, I know, I know your heart is constantly achin'  
It's like I snatched it out of your chest and tore it up, just tore it up  
And I, I played the bad guy towards you more than once, yes, more than once  
Man, this shit be frustratin' me  
If you ain't the one then who may it be?  
We tried to make love, but we made a beast  
Now we just stuck cause we can't agree  
This is my heart, please take a piece  
And put it in a safe place to remind you  
There's a million other guys in the world to choose  
But none of 'em will ever love you like I do, baby

I don't give a fuck what the people that surround you do believe  
Ain't nobody else in the world that's out there for you but me  
Ain't nobody gon' ride for you like I'll ride for you, my love  
Ain't nobody gon' die for you like I'll die for you, my love  
I don't give a fuck what the people that surround you do believe  
Ain't nobody else in the world that's out there for you but me  
Ain't nobody gon' ride for you like I'll ride for you, my love  
Ain't nobody gon' die for you like I'll die for you, my love  
I don't give a fuck what the people that surround you do believe  
Ain't nobody else in the world that's out there for you but me  
Ain't nobody gon' ride for you like I'll ride for you, my love  
Ain't nobody gon' die for you like I'll die for you, my love
