

## Baby Bottle

## Hot Action Cop

You wanna be loved sometime  
You never can make your mind up  
I don't ever miss ya  
I don't ever miss your body  
I coulda but kiss ya  
You know that I lay without it

Hey!  
Baby bottle  
Hey!  
Sometime

Give a little love for me to use  
Just a little love, my abuse  
Give a little love for me to feel  
Just a little love for me to heal

You [?]  
You open the wound up wide up  
I don't ever miss ya  
I don't ever miss your body  
I coulda but kiss ya  
You know that I lay without it

Hey!  
Baby bottle  
Hey!  
Sometime

Give a little love for me to use  
Just a little love, my abuse  
Give a little love for me to feel  
Just a little love for me to heal

Hey!  
Baby bottle  
Hey!  
Sometime

Give a little love for me to use  
Just a little love, my abuse  
Give a little love for me to feel  
Just a little love for me to heal
