

# Girl On The Train

Hot Action Cop

Sliding down on an empty seat  
I rock away to the rolling beat, oh  
She couldn't believe that he would tell her lies  
But baby when you gonna realize, yeah  
Love is such a bitch, and wrap itself up in a wish  
Behind your eyes

Check it out  
A girl on the train  
In the clouds  
Chasing it, baby  
Within

Everybody gonna lose someone  
In the house of the rising sun, oh  
Mama mama, may the words you know  
Another day never feels like home, oh  
Life is but a dream, until you woke up with a scream  
And it's all gone

Check it out  
A girl on the train  
In the clouds  
Chasing it, baby  
Hey

Maybe we're both just passing through  
To something new

A girl on the train  
Going my way, smiles  
And the crowd in my head goes wild  
Jump up and get down, let's go  
I said aye  
Jump up and get down, let's go  
Oh my god, I said aye  
Jump up and get down, let's go

Tone it down with a broken crown  
Winding up at the lost and found, oh  
Tired of loving at the halfway house  
Hard to kick it when you don't know how, oh  
Riding on the train wishing it was an aeroplane  
Within the ground

Check it out  
A girl on the train  
In the clouds  
Chasing it, baby (Jump up and get down, let's go)  
Hey

Check it out  
A girl on the train (Jump up and get down, let's go)  
In the clouds  
Chasing it, baby (Jump up and get down, let's go)  
Hey yeah

A girl on the train  
Going my way, smiles  
And the crowd in my head goes wild
