

# Pull The Trigger

Hot Action Cop

The years come and go so fast  
The tears are falling to the grass  
And she said "This will be the last"  
And he said "Whatever"  
"Baby you're not that strong"  
"But go ahead, I dare you"

And she sighed her familiar sound  
And a sneer, dripping from his mouth  
And she said "You can't hold me down"  
He said "Whatever"  
"Baby you're not that strong"  
"I ain't got forever"  
"Baby you're not that strong"  
"But go ahead, I dare you"  
"Pull the trigger"  
"Pull the trigger"

She turns and reaches in the desk  
Now a gun pointed at his chest  
And she said "I gave you all my best"  
Then he said "Whatever"  
"Baby you're not that strong"  
"I ain't got forever"  
"Baby you're not that strong"  
"But go ahead, I dare you"  
"Pull the trigger"  
"And prove me wrong"  
"Turn around and walk down that"  
"Long lonely hall all by yourself"  
"Baby you're not that strong"  
"But you might as well"  
"Baby you're not that strong"  
"But go ahead, I dare you"  
"Pull the trigger"  
"And prove me wrong"

"Way I figure we got all night long"  
"Cuz baby you're not that strong"  
"Pull the trigger"  
"Baby you're not that strong"  
"Prove me wrong"  
"Turn around and walk down that"  
"Long lonely hall all by yourself"  
"Baby you're not that strong"  
"But you might as well"

"Baby you're not that strong"  
"But go ahead, I dare you"  
"Pull the trigger"

And he knows the time has arrived  
And she pulls the trigger  
And leaves him alive
