

# Love Me To Sleep

Hot Chocolate

Long nights  
Those everything wrong nights -  
I used to lie awake and play for morning to come  
It sees like years before my tears dried in the sun

'cause you had gone.  
So love me to sleep tonight

Kiss away the pain of all those mem'ries one by one  
And show me the river still runs strong and deep

Tonight my love - love me to sleep.  
Slow now  
We can't let it go now

Here in my arms you've got a perfect place to hide  
If you've got doubts why don't we let the night decide  
Just let it ride.  
And love me to sleep tonight  
Kiss away the pain of all those mem'ries one by one  
Love me to sleep tonight  
Kiss away the pain of all those mem'ries one by one  
Tonight my love - love me to sleep.
