

Let Me In

Hot Hot Heat

Woke up in smoke and flames
Eye to eye with a stranger
Five thousand photographs
Solemn burnt up in anger

Am I asleep still?
Tell me, I could have been
Don't let it tear us apart again limb from limb
Please let me in

But I don't want to look at you this way
I'm staring through your window
I don't want to think of you this way
I'm begging, baby, let me in
Baby, just let me in
I'm begging at your door just let me in
Just let me in

I drank the wine of youth
Ended up in a coma
Your wicked silver tongue
No wonder nobody told you
That I'm awake now
First time I've ever been able to see what I should have seen
Way back when you let me in

But I don't want to look at you this way
I'm staring through your window
I don't want to think of you this way
I'm begging, baby, let me in
Baby just let me in
I'm begging at your door just let me in
Just let me in

This willful waiting
Just won't end up saving
I guess this is farewell
Unless somehow, you let me in

Hey

See, I'm awake now
First time I've ever been able to see what I should have seen
Way back when you let me in

But I don't want to look at you this way
I'm staring through your window
I don't want to think of you this way
I'm screaming baby let me in

Baby just let me in
i'm screaming at your door just let me in
just let me in

This willful waiting
Just won't end up saving
I guess this is farewell

Unless somehow, you let me in
