

# Let Me In

Hot Hot Heat

Woke up in smoke and flames  
Eye to eye with a stranger  
Five thousand photographs  
Solemn burnt up in anger

Am I asleep still?  
Tell me, I could have been  
Don't let it tear us apart again limb from limb  
Please let me in

But I don't want to look at you this way  
I'm staring through your window  
I don't want to think of you this way  
I'm begging, baby, let me in  
Baby, just let me in  
I'm begging at your door just let me in  
Just let me in

I drank the wine of youth  
Ended up in a coma  
Your wicked silver tongue  
No wonder nobody told you  
That I'm awake now  
First time I've ever been able to see what I should have seen  
Way back when you let me in

But I don't want to look at you this way  
I'm staring through your window  
I don't want to think of you this way  
I'm begging, baby, let me in  
Baby just let me in  
I'm begging at your door just let me in  
Just let me in

This willful waiting  
Just won't end up saving  
I guess this is farewell  
Unless somehow, you let me in

Hey

See, I'm awake now  
First time I've ever been able to see what I should have seen  
Way back when you let me in

But I don't want to look at you this way  
I'm staring through your window  
I don't want to think of you this way  
I'm screaming baby let me in

Baby just let me in  
i'm screaming at your door just let me in  
just let me in

This willful waiting  
Just won't end up saving  
I guess this is farewell

Unless somehow, you let me in
