

45's

Hot Rod Circuit

Having the time of our lives
We were spinning 45's
Oh, nothing stays the same
Sometimes we all have to feel the pain
If things don't turn out like we planned it
No matter what we say
I'll hold you close, I'll tear my heart out
I will find another way
Having the time of our lives
We were spinning 45's
Oh, nothing stays the same
Sometimes we all have to feel the pain
You make me feel like I'm on fire
Oh, you're freaking me, oh you're freaking me out
You make me feel like I'm on fire
It's alright now baby, it's alright, it's alright
Every little piece of me
That you can take or need
You can take, pick me to the bone
