Very Best Friend

Hot Rod Circuit

So he says did you know I'm your very best friend, I can't repe at this over, eye rings on the pillow, some think I might never really had the time, I thought you were my hero, never say tha t well be alive again. the worst task coming and it will never get better Run you down The worst task coming and it will never get better Said you in that way The worst task coming and it will never get better Run you down The worst task coming and it will never get better So he says did you know I'm your very best friend, I can't repe at this over, eye rings on the pillow, some think I might never really had the time, I thought you were my hero, never say tha t well be alive again. the worst task coming and it will never get better The worst task coming and it will never get better The worst task coming and it will never get better Run you down The worst task coming and it will never get better Said you in that way The worst task coming and it will never get better Run you down The worst task coming and it will never get better
