

Automatic Midnight

Hot Snakes

Yeah pay attention to these
Everyday miracles please
What makes a bullet fly in a straight line?
Why are people so unkind?
Why is there pain in my heart?
How do they turn trash into heat?

Yeah that's right
Auto midnight
Bringing midnight straight to my heart

Am I insane?
Should I feel this way?
I need a radar to find you
To get you in my sights
Is this love
Bringing midnight straight to my heart?
