

Hatchet Job

Hot Snakes

You done what you could
You done what you sold
You done it to death
Ain't so salvage
No distaste
Time is up now
Time pissed away
C'mon find one way
C'mon take another day
Downgrade
Destroy
Everything I love
And if I could help
I'd help myself
I'm tired of waiting
For my hack at you

You know you don't have
Forever
Hatchet job
Or hatched fight
You know I don't know whether
It's a job
Or what I like
