

Black Jaw

Hot Water Music

Can you sing me a song about digging
Oh, I can sing while I'm breaking my back
Can you tell me how you get out of hell
One limb at a time

Can you take it back home?
I can't last another day in the hole (I will)
Can you tell me how or what are you dying for?

Can you sing me the song of your lifetime
I'll sing for my family as hard as I sing for you
Stay in the hole as long as your father stayed in it
Till I can't breathe a breath

What's the going rate
On industrial slavery these days (Who knows? It pays)
How much does it pay for you to dig your own grave

Cry for help
Can't get out
You're in the hole
With the walls caving in on you
