

## Drag My Body

Hot Water Music

Well I got my heart up in a beautiful mess  
I should've known better when I took the risk  
To wreck myself and to gamble while broke  
Shaking something mental at a loss  
For the words I'd once known.  
I traded two steps forward for three steps back  
To get to know the meaning of showing respect.  
I found the pedestals and burned them down  
To kill my idols and to bury the thoughts underground.  
I'm no longer deaf to the sounds.

I'm hardly feeling human anymore  
Enough to drag my body from the floor.

Well I got my head up in a critical mess  
Fighting like a demon in a shell I possess.  
Gnashing my teeth and speaking in tongues  
Still shaking something mental at a loss  
For the words I'd once known.  
Something's rattling my bones.

I'm hardly feeling human anymore  
Enough to drag my body from the floor.  
I'm hardly feeling human anymore  
Enough to drag my body from the floor.

Stand to hold steady now  
Take a breath and somehow  
Take a step to begin again  
After all we can only do our best.

I'm hardly feeling human anymore  
Enough to drag my body from the floor.  
I'm hardly feeling human anymore  
Enough to drag my body from the floor.

Stand and hold steady now.
