

Sound for language

Hot Water Music

All around my home there is living sound in my head it's in my head i know it's in me and i hear it rythem in the air in my home you can breathe in the air in my head it's in me live from it you watch it close your eyes and listen close your eyes you can see around the world all around my home potential sound in my head got to let it happen it's in me take it all in my home it will never end in my head if we let it live it's in me
