Hot Water Music

Look around, then look down
Are you rising up
Or are you stagnant?
Break free from your boundaries
Hold back for nothing
Cut loose separation
And find what's real
(You fly high, so you think, but I see you)

Falling, sinking: I'll align
Falling, sinking

What's correct in the eyes may not always be right
Know your story
Break free from the bullshit
Hold back for nothing
Cut loose assumption:
(You fly high, so you think, but I see you)

Falling, sinking: I'll align
Falling, sinking

Falling, sinking
