

## Wedding Day

## Hotel Lights

Sitting by the window  
watching the rain go  
down  
down

it doesn't really mean much  
watching the rain rush  
down  
down

i'm sitting here with my coffee cup  
you're waking up  
on your wedding day

in the grey hazy morning  
got up from yawning  
under the window light  
it doesn't really mean much  
watching the rain rush  
down  
down

i'm sitting here with my coffee cup  
you're waking up  
on your wedding day
