

# Baby I Got You

Hothouse Flowers

All those days and all those nights  
All that waiting has seen me right  
It wasn't easy but I said I'd try  
Now I can thank myself baby I can smile  
'Cos I got you, baby baby baby I've got you  
Baby baby baby I've got you  
Baby baby baby I've got you

All those days I was sleeping on the floor  
And all those faces, I don't see them anymore  
It wasn't easy but I said I'd try  
Now I can thank myself baby I can smile  
'Cos I got you, baby baby baby I got you  
Baby baby baby I've got you  
Baby baby baby I've got you  
Baby baby baby

I'm a simple man and I don't want to possess you  
So just take my hand and I promise to undress you

Baby baby baby I've got you  
Baby baby baby I've got you  
Baby baby baby
