

## Saved

## Hothouse Flowers

Sleep, love, be merry  
Soft like a child  
Your heart is  
What love is  
You're saved

Star o'er the ocean  
The light in your eyes  
Your heart is  
What love is  
You're saved

The sun in the evening,  
The red in your hair  
Your heart is  
What love is  
You're saved

And time flows through Eden,  
The sands o'er the lea,  
Your heart is  
What love is  
You're saved

Your laughter, it sparkles  
The diamonds of truth  
Your heart is  
What love is  
You're saved
