

# Blind Obedience

## Hour of Penance

Hearing shattered divine voices  
Screaming from the scattered bible Fool!  
"God is the light"

Insane - Where no god dominates  
Shall be no response and no rewarding  
I can feel someone who beholds me

Obey all my lies  
Until I see you screaming out and die  
I need to see you ripping out your eyes  
Desperation

Why can't they hear the call of Jesus Christ?  
I see his face smeared with blood that follows  
My every move and every single breath

The cross is screaming covered in black blood  
My lord is all I want to see  
Take my sight

Laid upon the floor  
Hear my call  
Laid upon the floor blind

Deafening voices are echoing, my head's on fire

Going insane, there's no god, no mistake  
You'll see, none shall save you and lift your sorrows  
Now bleed, bleed for a lord that you will never meet

Do it now  
Rip out your eyes, Do it  
Rip out your eyes, Do it again  
Degeneration  
Rip out your eyes, Do it  
Rip out your eyes, Do it again  
Degenerated god

He's screaming covered in black blood  
His lord is all he wants to see  
Take my sight - Bleed him dry
