

Serial Sleepers

House of Heroes

Wake the dead
Serial sleepers slay with words unsaid

Sleep with the light on
And keep the loneliness away
I feel the darkness anyway
And I wish for the dawn

Wake the dead
Serial sleepers slay with words unsaid

Rise up, O sons of god

And sing the song
That hides behind your teeth
These ears have longed to hear

On my own
Waiting for the light
Save our souls from all
Our dreams come true

Wake the dead
Serial sleepers slay with words unsaid
