

## Serial Sleepers

House of Heroes

Wake the dead  
Serial sleepers slay with words unsaid

Sleep with the light on  
And keep the loneliness away  
I feel the darkness anyway  
And I wish for the dawn

Wake the dead  
Serial sleepers slay with words unsaid

Rise up, O sons of god

And sing the song  
That hides behind your teeth  
These ears have longed to hear

On my own  
Waiting for the light  
Save our souls from all  
Our dreams come true

Wake the dead  
Serial sleepers slay with words unsaid
