

# The Drugs The Drugs

House of Heroes

What got you through the night won't do when the sunlight crashes through your blinds  
It finds you, it finds you, it finds you sleeping on the floor

Padlocks on your door  
Padlocks on your door  
Padlocks on your door  
Drugs the drugs never did enough to stop the avalanche cascading  
Talking in your sleep  
Telling stories that you keep in a drawer beside your bed

Incisions  
Decisions  
Prescriptions lying on the floor

Padlocks on your door  
Padlocks on your door  
Padlocks on your door  
Drugs the drugs never did enough to stop the avalanche cascading  
Talking in your sleep  
Telling stories that you keep in a drawer beside your bed
