

# In A Perfect World

House of Lords

When there's danger surrounding us  
It's the heart of us burning like a candle  
Every stranger confronting us  
Plays a part of us that we need to handle

I know and you know  
That we won't deceive each other  
I don't believe it's just the fear  
Keeping us together

I see desire deep in your eyes  
So many liars on the streets tonight  
It's always the same

In a perfect world the love we make  
Could never break us  
In a perfect world we close our eyes  
Never afraid to shine

It's a perfect world tonight

Yeah, I don't really care about your flirtations  
'Cause it's love that guides us  
Highlife and spotlights and temptation  
They won't last forever, baby  
There's nothing to hide

In a perfect world, the love we made  
Could not forsake us  
In a perfect world, we close our eyes  
Never afraid

In a perfect world you make my heart  
Forever ageless  
In a perfect world love never dies  
It only lights the way

Like the dawn on your face  
Never fades away

Baby, there's nothing to hide

In a perfect world the love we made  
Could not forsake us  
In a perfect world we close our eyes  
Never afraid

In a perfect world you make my heart  
Forever ageless  
In a perfect world love never dies  
It only lights the way
