

# Love Don't Lie

House of Lords

I walk the night alone  
Like I'm frozen here in time  
Is this love right or wrong?  
Still running through my mind

Now I can finally say that I love her  
And I'll never have to hide the truth again

Love don't lie, when it's real  
Can't pretend I don't care no more  
My heart can't hide how I feel  
Love don't lie, love don't lie

The days are filled with laughter  
And the nights are filled with tears  
Love can last a moment girl  
It can last a thousand years

Love don't lie, when it's real  
Can't pretend I don't care no more  
My heart can't hide how I feel  
Love don't lie, love don't lie

Guitar Solo

Love don't lie, when it's real  
Can't pretend I don't care no more  
My heart can't hide how I feel  
Love don't lie, love don't lie

Love don't lie, love don't lie
