

# Slip Of The Tongue

House of Lords

She moves like the nite  
She bites like a snake  
There's no off limits  
The way that she plays  
Still can't believe  
What she does in the dark  
She'd get arrested for less  
But she'd never caught, oh never

I may be crazy  
I may be a fool  
To love me a woman  
Rhat do what you do  
Don't like it easy  
She likes it way too hard  
She likes it better  
When I push too far, oh

Well I've seen her  
Before in a movie or two  
But I never believed  
That I'd do it to you  
Pull up the curtain  
Pull down the shade

Slip of the tongue  
Make me crazy  
Slip of the tongue  
Slip of the tongue  
Miss Amazing  
Slip of the tongue

I remember the nite  
In the back of the bus  
My finger was wet  
From the rain and the lust  
Top of her lungs  
Screaming anything goes  
She began to rock and  
She began to roll

And when the channel was changed  
It was me on the screen  
Her in the middle of satin sheets  
Oh she's a video queen

Slip of the tongue  
Make me crazy  
Slip of the tongue  
Slip of the tongue  
Miss Amazing  
Slip of the tongue

Slip of the tongue  
Make me crazy  
Slip of the tongue  
Slip of the tongue

Miss Amazing  
Slip of the tongue

Well I've seen her  
Before in a movie or two  
But I never believed  
That I'd do it to you  
Pull up the curtain  
Pull down the shade

Slip of the tongue  
Make me crazy  
Slip of the tongue  
Slip of the tongue  
Miss Amazing  
Slip of the tongue

Slip of the tongue, oh yeah  
Slip of the tongue, oh mama
