

Dead Lizard

House vs. Hurricane

Repetition's a game
Once again visions failing and
Doctors are coming my way
Queues of big ideas hit the street
Yet still nothing's changed
Oh, I've never thought that the peril of man
Lies in the beholder
Yet still the blind lead the blind
Is there something in the water?

Live your life like a dreamer
Experience the world
Live your life like a dreamer
Let the sand man guide your thoughts
Live your life like a dreamer
Chase all your loves
Live your life like a dreamer
The revolt has begun
