## **Strings and Attractors**

## **How to Destroy Angels**

A million lies that now define Us all together A new ideal, all so real Like I remember

And sometimes I Get lost in time Sometimes I fear I'm lost in here

All these little strings Holding us together All these precious things Can make them last All these little strings Keep holding us together All these precious things Make them last forever

So very slow You'd never know The moment fading We watch the end Over again And keep repeating

I feel like I'm I feel like I'm I feel like I'm Just disappearing

All these little strings Holding us together All these precious things Can make them last All these little strings Keep holding us together All these precious things Make them last forever
