

What's Up

How to Dress Well

I wanna know your mouth
I wanna see things the way you see them
You told me trust your lust
Yeah, now I know what's up

That it is up to us
To see what we are made of
Yeah if you make a mess of me
I wouldn't change one thing
Yeah, babe it's up to us
To see what we are made of
When my body's gone
Tell 'em what made me sing
Say it was you
Say it was you
Say it was you
Say it was you

I said I love your thoughts
The way they wander with such energy
I also love your thighs
Yeah, now you know what's up
Yeah I said what I said and I meant it
I know that you feel it
But I feel like you could change at any minute
Been by your side since the beginning
If you gotta run yeah you know that I'ma be here when you finish
I really feel like you know me
And that's just the craziest thing
If there's something you wanna show me
Go ahead and show me, baby

That it is up to us
To see what we are made of
Yeah if you make a mess of me
I wouldn't change one thing
Yeah, babe it's up to us
To see what we are made of
When my body's gone
Tell 'em what made me sing
Say it was you
Say it was you
Say it was you
Say it was you

If you call, babe I'm callin' you back
Be there to catch you, I won't let it fall through the cracks
Say what you want and I promise to calmly react
I'm not tryna be like dad
I don't wanna act like a man
Won't make you think you're feeling shit no one understands
At least this is what I have planned
I'll say it again and again and again and again and again
Again
