

Blessing Or Curse

Howards Alias

If I hang around and let sad feelings mound today
I might find myself stuck. I might find myself stuck.
But if you came across to fill this empty spot today
I might not get up. I just might not get up.

And I don't know which is worse, yeah,
Is this a blessing or curse?
I'm not sure which is worse.
Is this a blessing or curse? A blessing or curse?

So when I picked this box up what did I think would come?
'Cause I knew the answers, yeah, we knew the answers.
This travelling page, it stands in my way always.
Now I know that I've got to move far from this spot.

And I don't know which is worse, yeah,
Is this a blessing or curse?
I'm not sure which is worse.
Is this a blessing or curse? A blessing or curse?
A blessing or curse? A blessing or curse?

And now you've kindly said for me what's ahead
So save yourself. Just save yourself.
And you've seen it's true and you feel this too
So save yourself. Just save yourself.

Just save... yourself...

I don't know which is worse, yeah,
Is this a blessing or curse?
I'm not sure which is worse.
Is this a blessing or curse? A blessing or curse?

I don't know which is worse, yeah,
Is this a blessing or curse?
I'm not sure which is worse.
Is this a blessing or curse? A blessing or curse?
A blessing or curse? A blessing or curse?
