

## Hey Man

Howe Gelb

Hey man. . . why save that hardship for the older you?  
take it on now upon the younger you  
don?t be afraid when you fear your courage has  
been mislaid  
don?t fret the flight on a dark and dangerous night  
CHORUS you?re here to say ok  
not here to stay, ok?  
deliver us only this day  
hey man. . .  
why save that worry for the older you?  
take it on now upon the younger you  
don?t panic your heart before the hard times start  
don?t tremble and quake  
keep a steady float on the overwhelming wake  
repeat CHORUS  
why save that overbearing weight for the older you?  
go ahead take it on now upon the stronger you  
repeat CHORUS
