

Dominoes

Howie D

Tell me can you hear the sound
I'm about to hit the ground
I fall like domino-oh-oh-oh-es
There I go oh oh
No no one knocks me down like you

Set myself on
Layin' my heart down
Holdin' on love's coming round
I play and win it
It's all about you now
I've got your number
I can't deny it
You're one in a million

You got me playing over and over and over
got me playing over and over

Tell me can you hear the sound
I'm about to hit the ground
I fall like domino-oh-oh-oh-es
There I go oh oh
No no one knocks me down like you

Nobody can stop me now
Everytime you come around
I fall like domino-oh-oh-oh-es
There I go oh oh
No no one knocks me down like you

Face to face now
Nothing to hide
I made it out in black and white
connect in dark soul
I can make you mine
I made the next move
Coz I can see that
You're one in a million

You got me playing over and over and over
Got me playing over and over

Tell me can you hear the sound
I'm about to hit the ground
I fall like domino-oh-oh-oh-es
There I go oh oh
No no one knocks me down like you

Nobody can stop me now
Everytime you come around
I fall like domino-oh-oh-oh-es
There I go oh oh
No no one knocks me down like you

There's no more rules
I wont give up
Until I win

I love your love
I play this game for you
I keep on falling

Tell me can you hear the sound
(can you hear?)
I'm about to hit the ground
(I'm about to hit the ground)
I fall like domino-oh-oh-oh-es
(oh oh oh-es) There I go-oh oh oh
No no one knocks me down like you

Nobody can stop me now
(nobody can stop me now)
Everytime you come around
(everytime you come around)
I fall like domino-oh-oh-oh-es
There I go-oh oh oh
No no one knocks me down like you

No one knocks me down like you....
