

Over My Head

Howie D

Heart beats faster
There's just no way I can catch up with my emotions
Crashing down on me
Because she's all in my head
Like a sunset, always falling
Through the stars when she comes calling
Wonderin' if she knows, Wonderin' if she knows

That I'm in over my head, over my head
In too deep
It's driving me over my head
O-o-over my head, O-o-over on you
You can't take me now
O-o-over my head, o-o-over my head
O-o-over my head, o-o-over my head
O-o-over my head, o-o-over my head

There's no one like her
That's worth the burn
Cause she's fire
She haunts me, she haunts me
And I don't mind
See it's out of control
See the sunrise up
But it's not easy
Losing into you
This is way too much
No one has to know

That I'm in over my head, over my head
In too deep
It's driving me over my head
O-o-over my head, O-o-over on you
You can't take me now
O-o-over my head, o-o-over my head
O-o-over my head, o-o-over my head
O-o-over my head, o-o-over my head

You say Nothing's gonna save me now
You say Nothing's gonna save me now

Over my head, o-o-over my head
O-o-over my head, O-o--over my head
Over my, over my head
O-o-over my head, o-o-over my head,
O-o-over my head
I'm in over my head
Over my head
In too deep
It's driving me over my head
O-o-over my head, O-o-over on you
You can't take me now
O-o-over my head, o-o-over my head
O-o-over my head, o-o-over my head
O-o-over my head, o-o-over my head
