

# No Longer What You Require

Howie Day

We had it all  
We were young lovers  
We were full of trust n fame  
We were dead set on making  
It last forever  
Forever and a day  
I recall it was fall last year  
When it started to die

Standing still  
As the temperature killed  
The summer's thrills  
That were keeping it alive  
The days got colder  
So I held you closer  
In effort to save us some time  
Almost like the wind came  
And ruined the spark  
And left us in the dark

Hey,  
I could of told you  
That I loved you  
And stay,  
Around a kindle of fire  
But I was late,  
Know my returning now  
You lost all faith  
And I am the liar  
I'm no longer  
What you require

And I still feel you and I  
Turning in the sheets  
When I turn out the light  
A ton of ghosts  
The ghost of your first love  
Won't ever leave  
Until the day that you die

I won't ever look down  
Or ever leave you behind  
Even if the choice was the right one  
It was a good thing  
Staring me right in the face  
But I turned it right away

Hey,  
I would of told you  
That I loved you  
And stay,  
Around a kindle of fire  
But I was late  
Know my returning now  
You lost all faith  
Cuz I am the liar  
I'm no longer

What you require

Back then  
The days were so much faster  
We were young  
Staring at a lovers' disaster  
Oh, oh, oh  
No we can't go back  
Even if you try  
It's better to just forgot  
And to close the door  
Cuz It will never be the same  
It will never be  
The way it was before  
Oh no, no, no

Oh hey,  
I would of told you  
That I loved you  
And stay,  
Around a kindle of fire  
But I was late  
Know my returning now  
You lost all faith  
Cuz I am the liar

Oh hey,  
I would of told you  
That I loved you  
And stay,  
Around a kindle of fire  
But I was late  
Know my returning now  
You lost all faith  
Cuz I am a liar  
I'm no longer  
What you require

Now I'm no longer what you require
