

She Says

Howie Day

Sweet is the sight
Of her room
Window opened by candlelight
Cold winter on the shore
Chills the dress she wore
It's on the floor
Still it feels so warm tonight

And that's why I'm wondering why
You had to tell me
What's going on in your head
What's wrong
Come around to another time when you
Won't have to run

And when she says she wants somebody else
I hope you know that's she doesn't mean you
And when she breaks down and makes a sound
You'll never hear her the way that I do
And when she says she wants someone to love
I hope you know that she doesn't mean you
And when she breaks down and lets you down
I hope you know that she doesn't mean you

Swing her into flight
Over her hills at twilight
I guess that's right now
While we're here
Tell me why it's so funny
That you're so funny
When you're mad
You're always so mad

[Chorus]
