

## Stay This Way

Howie Day

Four days bored in a plane  
All I can do is swear on Gods name that I know  
Something is bound to go wrong soon  
Take a drive its still light  
Speak of the good times and keep them alive  
Cause we need something we both can hold onto

Now I ask this of you

Stay this way forever  
Don't go changing for the better  
You'll come home  
I want this back.  
I wont get tired if you don't give up  
I swear on my life we'll pick it up where we left off  
Something too much to lose

Now I ask this of you

Stay this way forever  
Don't go changing for the better  
You'll come home  
I want this back  
Just the way we left it  
I'm so safe at least from my perspective

My mind is making circles  
My eyes are aching for your soul  
Can you tell me if I'm dreaming?  
So now you know I... I'd die alone right now with anyone but you.

Stay this way forever  
Don't go changing for the better  
If you'll come home I want this back  
Just the way we left it  
So safe at least from my perspective

Stay this way forever  
Don't go changing for the better  
You'll come home I want this back

Four days bored in a plane  
All I can do is swear on God's name that I know  
Something is bound to go wrong soon.
