

This One's Different

Howler

I don't care what you said back then,
I just care what you say right now'
When the feeling's there it's there,
When the feeling's gone it's gone.
But for tonight I dream you're here,
For tonight I write this song,
Put the pen onto the page,
Let the ink scream along

I want you right now
I need you right now
I want you right now
I need you right now.

I hate the way I talk,
And I hate the way I write.
Sometimes it's better to stay in bed,
Sometimes it's better to stay out all night.
I said I could live without your touch,
If I could die within your reach.
I say that damn line way too much,
Like it's something I have to preach

I want you right now
I need you right now
I want you right now
I need you right now
